CLAY DISTRICT MEETING.—The voters of Clay district, without regard to party, assembled in the Court House last evening, for the purpose of nominating three candidates for School Commissioner.

Ben. Fisher, Esq., was called to the chair, and Mr. C. Neumann acted as Secretary.

Mr. Davenport moved that a committee of five be appointed to select double the number of candidates required, the Convention to select the candidates from the number reported by the committee. After some discussion between Messrs. Clarkson, Davenport and Cochran, the motion was carried.

The Chairman appointed upon the Committee Messrs. Isaiah Warren, John Moira, Louis Gann, Dr. James Cummins and Dr. E. A. Hildreth.

It was decided that the candidates presented by the committee be voted in by ballot, and that the three persons receiving the highest number of votes be declared the nominees of the Convention.

The committee in about twenty minutes returned and reported the names of Augustus Pollock, J. C. Hupp, Rev. J. T. McLaren, Dr. George Baird, C. P. Brown and Dr. E. A. Hildreth.

The following additional nominations were made by the Convention: Dr. W. J. Bates, Jr., Crispin Ogleby, Dr. E. L. Jepson, Joseph Tolivar, Dr. James Cummins, Dr. James Dunn, Dr. Halliburton, Dr. F. J. Bates, Jr., Dr. B. W. Allen, G. O. Davenport, Dr. Schuchardt and Dr. Davenport.

Capt. Curtis and Judge Cochran were appointed tellers.

A ballot was taken, with the following result:

Dr. J. C. Hupp, 60; Rev. J. T. McLaren, 45; Dr. George Baird, 28; Dr. E. A. Hildreth, 36; Augustus Pollock, 18; C. P. Brown, 11; Dr. W. J. Bates, Jr., 12; Crispin Ogleby, 18; Dr. E. L. Jepson, 7; Dr. A. S. Todd, 4; J. H. Hall, 4; Joseph Tolivar, 2; Dr. James Cummins, 1; Dr. Halliburton, 2; Dr. B. W. Allen, 2; W. C. Hoge, 1.

Eighty-one ballots were cast, and Dr. J. C. Hupp and Rev. J. T. McLaren were declared the nominees of the Convention.

On motion of W. P. Hubbard, Dr. George Baird was made the third candidate by acclamation.

The meeting then adjourned.

SALARIES OF LETTER CARRIERS.—The Postmaster General has just issued a circular to postmasters of all free delivery offices in regard to the payment of salaries of carriers. It states first, that the present division of such offices into classes is on the basis of population; second, that the carriers at offices of the first class shall be appointed at not to exceed \$700 a year, and the recommendation of the local postmaster, and their pay increased \$100 at the expiration of each year's service, on the recommendation of the postmaster, till they reach \$900 a year, at which point advances of this class shall cease; third, that the carriers at offices of the second class shall be appointed at not to exceed \$600 a year, and their pay increased \$100 yearly until it reaches \$800, when advances shall cease; fourth, that the pay of the \$600, \$700 and \$800 carriers who have been in the service one year shall be increased \$100 each from October 1, 1874, excepting those carriers at the second-class offices who have reached the maximum of \$800 as fixed above; fifth, it is stated for the information of postmasters and letter carriers that the appropriation asked for, viz.: \$2,000,000, was cut down to \$1,000,000, and hence the Department is unable to increase the pay of carriers from July 1, 1874, in accordance with the previous usage. This order takes effect October 1, 1874, and it is not intended to affect those carriers now receiving \$1,000, the highest salary paid per year.

WOMEN dress "to please the men," do they? Why, if the whole male genus were extinct, it wouldn't make a farce or farce difference in the get-up of the dear creatures, so long as there was a living chance of spicing some other woman.

NATURALIZING papers are in rather short demand at the Probate Court, notwithstanding the election is near, and every new voter has its value.

THE McLain building on the corner of 12th and Market streets, after having been torn almost to pieces, at the risk of incontinently coming down and crushing innocent pedestrians on the pavement below, is now assuming under the hands of skilled workmen something akin to shape. And we are glad of it, for we have never passed the old building without thinking of a life insurance policy. The change in the building will be a decided improvement however.

TAFFING A TILL.—About noon yesterday two boys, named John Rider and John Condry, entered Mr. Hupp's cigar shop, on Market below 14th street, and while the proprietress stepped off for a moment they attempted to rob the money drawer. They were detected in this by Miss Rita, who promptly locked the front door and sent for a policeman. The boys were taken before Squier Clarkson, who held each in the sum of \$50 to appear today for examination.

ASSAULT AND BATTERY.—William and Peter Heiser were sealing grapes at Frank Walter's vineyard on Saturday last, when Christy Hare, a watchman, detected them. They set upon Hare and beat him badly. So it is alleged by Hare, who had both the Heisers arrested and taken before Squier Gilsey. They were sent to jail, and will have a hearing to-day.

Mr. Steve Shaeft left for the west to day.

The grocery store of Mr. Linton was also entered the same night and between \$40 and \$50 worth of goods were carried off and a few dollars in nickels were taken from the cash drawer. Evidently the perpetrators of the robbery are adepts in the business.
